

APGO MEDICAL STUDENT EDUCATIONAL OBJECTIVES LOG BOOK

Instructions

This experience logbook will help you track your clinical experiences as you progress through your clerkship. Your clerkship director is required to monitor your experience during the clerkship, both individually and as a class, to ensure that you encounter essential educational topics for obstetrics and gynecology.

<p>Document your highest level of experience (P, O, A)</p> <p>You may observe a procedure one day (circle the “O”) and on a later day, perform the procedure (also circle the “P”)</p> <p>Describe the location or source of the training. You may receive training in more than one location.</p>	<p><u>Experience Level</u></p> <p>Performed (P) Observed (O) Alternate Experience (A)</p>	<p><u>Location</u></p> <p>Hospital (H) Mentor’s Office (MO) Resident Clinic (RC) Simulation Lab (SL) Online Training (OT)</p>
